

COVID-19 PROTOCOLS

St. Augustine Church will be following the COVID-19 policies and protocols that the provincial government outlines to its citizens, as well as the protocols the Archdiocese of Hamilton outlines to all parish communities. In addition to social distancing, masking, contact tracking, and sanitizing, we will use Eventbrite to monitor and control the number of individuals we have in the parish during events, and we are in the process of setting up a rapid antigen test for volunteers and staff to ensure all peoples are negative for COVID-19. Safety for our youth and for all parishioners are a priority at St. Augustine.
